

# WAITING TIMES

## NHS Tayside

### Waiting Times for Secondary Care Referrals

NHS Tayside publishes waiting times for both outpatient and in patient referrals. This information can be found on the NHS Tayside website.

### NHS Tayside Referral Information

Please note this information is in relation to routine referrals only and is a general guide and not an accurate prediction for how long you may wait. The GPs at the practice are unable to influence the waiting times and can only ask for a referral to be reviewed if a patient's clinical condition changes. We would ask all patients to check NHS Tayside's website for an indication of waiting times before contacting their GP again.
